ATK No Fault Warranty GOLD Program

The No Fault Warranty GOLD (NFWG) that is offered by ATK is supplemental to the ATK Standard Limited Warranty. The NFWG is not a warranty itself, nor does it waive or modify any exclusions or limitations in the ATK Standard Warranty, except as specifically stated in this No Fault Warranty GOLD plan.

TERM:

The term of this No Fault Warranty GOLD plan is coextensive with the ATK Standard Warranty that covers the remanufactured engine or transmission to which this No Fault Warranty GOLD plan applies. The term begins on the date of the original product's installation, or 10 days after the product sale whichever is earliest. NFWG must be purchased from ATK at the time of sale. No provision is allowed for sale of this product after the engine or transmission purchase.

SUPPLEMENTAL WARRANTY PAYMENTS:

Authorized repairs on claims will be reimbursed at a rate not to exceed the Mitchell Repair Manual published applicable flat rate schedule. Hourly rates for all authorized repairs will be paid in accordance with rate paid for the original installation but not to exceed \$95.00 an hour. Do-it yourself repairs, repairs performed by unlicensed repair facilities, or repairs made to units not originally installed in a licensed automotive repair facility (LARF) will not be reimbursed. Labor guarantee under terms of No-Fault Warranty GOLD is limited to the first time failure of the long block assembly and in no case will the total labor under the terms of this guarantee EXCEED the Mitchell Repair Manual published applicable flat rate schedule of \$95 per hour.

TOWING: Towing will be reimbursed up to a maximum of \$100 per occurrence. (Customer must supply a copy of the towing invoice/contract.)
